

630W LED

Technical Specifications

Input Power	630W
Input Voltage	120V-277V
120V	5.43A
208V	3.05A
240V	2.62A
277V	2.28A
Input Frequency	50/60 Hz
Light Output: PPF	1700 $\mu\text{mol/s}$
Efficacy	2.7 $\mu\text{mol/J}$
Lifetime L90	> 50,000 hrs
Water-Resistance	IP 66
Warranty	5 Year Standard Warranty
Dimensions	1125x1110x70 mm / 44.3x43.7x2.8 inch
Weight	10.6 kg / 23.37 lbs
Operating Temperature	0°C~35°C / 32°F~95°F
Operating Humidity	0%~95%
Thermal Management	Passive
Power Factor	≥ 0.97

630W LED

Perfect for pro growers and more efficient than HID lights, the 630W LED provides maximum uniformity for higher yields. Packed with features including random start, soft start, soft dimming, over-temperature, over-voltage undervoltage, and open/short circuit protection, this light will seriously step up your grow.

High Efficiency

5 Year Warranty

DLC listed Peace-of-Mind

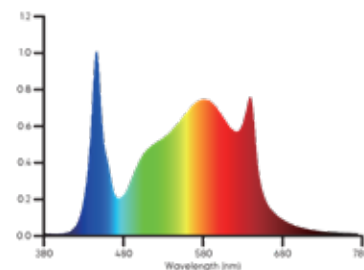

Lifetime L90 > 50,000 hrs

PPF \approx 1700 PPF ($\mu\text{mol/sec}$)

Water Resistant IP 66 Rating

DLC: IONLED COMM630

MAXIMUM UNIFORMITY & EFFICIENCY FOR HIGHER YIELDS

630W LED

Built for professional cultivators who demand the ultimate yield and quality. ION 630W grow lights are one of the most powerful LED lights in its class, with a standard ppf of 1700 $\mu\text{mol/s}$ and an impressive efficacy of 2.7 $\mu\text{mol/J}$ per watt.

Complete Control

With a built-in dimming function, growers can set the optimal intensity at any growth stage to stimulate peak photosynthesis. Compatible with most lighting controllers.

Energy Saving

With up to 37% energy savings and 50% less HVAC required, you can optimize your grow while saving on utility costs and reducing your ecological footprint.
